# Greystone Home Collection Breaks Barriers And Standards With A Unique Fundraising Experience

BY ROSIE D'ARGENZIO PHOTOGRAPHY BY ADAM BULGER

This November The Greystone Home Collection, at their Pacific Design Center Showroom, hosted a fundraising event to benefit City Hearts and Inner-City Arts. Both are Los Angeles based charities that

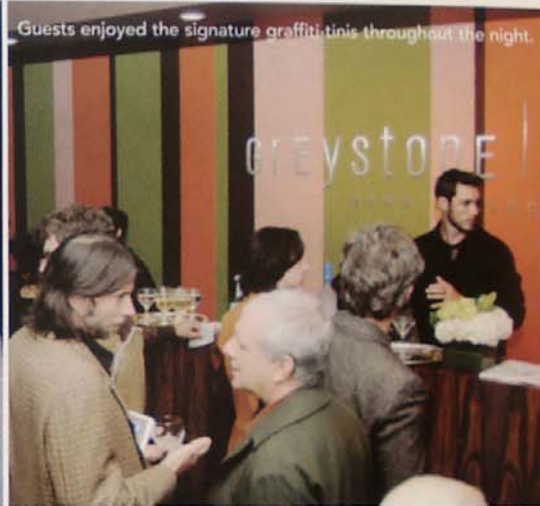

are committed to getting the children of Los Angeles off the streets and into the arts. Critically acclaimed graffiti artists, Retna and Reyes, created their signature art on large canvas panels and various Greystone

furniture. All of the pieces were part of a silent auction benefiting the charities. The event was a great success in bringing more awareness to the life of urban art, and the children who will become our inspiration.

Catherine Howard, CEO of The Greystone Home Collection with the two featured graffiti artists, Reyes and Retna.

Guests enjoyed the signature graffiti art throughout the night.

Casey Cook, Director of Marketing for the PDC; Genevieve Morrill, Vice President of the PDC; Christine Anderson of Christine Anderson & Associates and Stephen Rosenberg, Chairman and CEO of Greystone and Co.

Kathryn Kimball, owner of K2 Design Communication with the Mayor of West Hollywood, Abbe Land.

A bartender from the event with designer Kathleen Navarra and guest.

Two children from the charities brighten up the party.
